

# nPEP Approval

**NOTE:** If the patient is female please make sure the prescriber is aware of new CDC guidance regarding Dolutegravir use among pregnant women.

**Eligibility:** nPEP is available in different quantities based on insurance status:

1. Insured patients are eligible for a maximum supply of five days in any combination of medication prescribed. Patients needing assistance should be assisted in accessing a patient assistance plan or referred to the nearest Walgreen's Specialty Pharmacy for navigation services.
2. Uninsured patients are eligible for a 28-day supply in any combination of medication prescribed.
